CUMC Veggie Garden Update

We wanted to share a quick update on the veggie garden. We wrapped up our spring growing season this morning, and transitioned to the summer veggies. In just four harvests, we were able to donate over 53 pounds of fresh greens to our neighbors in need! All from our little bed on the corner of 6th and Ivy.

We've switched over to peppers, tomatoes, herbs, cucumbers, and summer squash. And we will start harvesting that in a few weeks. There are plenty of opportunities to help, and I'll be at the garden after tomorrow's service to chat with anyone who's interested in learning more.

Feel free to sign up to help water or harvest, if you are able:
